PROFILE

Creative and passionate Front-End Developer with a strong background in web development, UI/UX design, and project management. Proficient in React, JavaScript, Figma, and Material-UI, with experience in creating responsive and visually appealing designs. Adept at collaborating with cross-functional teams, managing complex projects.

WORK EXPERIENCE

Software Engineer II

Roberts Communication Network   2021-2022

- Developed engaging and responsive user interfaces utilizing React.js and Material-UI components, elevating user satisfaction and interaction.
- Cooperated with fellow developers to enhance and restructure existing code, increasing application efficiency and maintainability.
- Implemented a custom-built data visualization dashboard using JavaScript and React, streamlining the monitoring and analysis of operational metrics for management, leading to informed decision-making.
- Optimized web performance and accessibility by leveraging progressive enhancement techniques and incorporating best practices, resulting in improved user experience and search engine rankings.

FrontEnd Developer

Code Legion   2021-2021

- Devised and delivered an in-depth 4-month front-end developer course, incorporating real-world projects and industry best practices.
- Facilitated hands-on learning experiences by guiding students in constructing practical applications using ReactJS and VueJS.
- Monitored student progress through regular testing and provided tailored feedback, ensuring continuous growth and success.
- Employed Git and Github actions to streamline version control and workflows, promoting a collaborative learning environment and fostering best practices in development.
- Cultivated a thorough understanding of responsive design principles, enabling students to create visually stunning and adaptable web applications across devices.

Wynn Resorts

Assistant Director   2015-2021

- Managed a team of 40 professionals, overseeing daily operations and special projects, ensuring timely completion and quality outcomes.
- Implemented new procedures that increased overall productivity by 22% and enhanced team efficiency.
- Assisted leadership in training and oversight of operations, fostering a collaborative and high-performing work environment.
